

### Report of the Prayer Shawl Group:

During the past year we produced over 100 very warm, cozy and colorful knitted shawls that were properly blessed and then given to needy old and young folks both in the campo and in our town. Our group usually includes between two and four dedicated knitters, depending on the season of the year, who enjoy a few hours of good conversation with a cup of coffee or tea on Wednesday mornings throughout the year. Other parishioners kindly bring donated yarn down for us when they drive back from the States. We welcome any of you to join us for knitting and conversation at 10:30 on Wednesdays in the Parish Hall.
